

## Clinics.CSV

### Description:

This report contains information about clinics in England. NHS Choices considers clinics as locations that provide predominantly outpatient services.

### Contains:

This reports contains address details and contact information. The IsPIMSManaged flag refers to instances where the hospital is responsible for updating its information on the NHS Choices website.

### How Maintained:

Clinics are sourced from Organisation Data Service (ODS), which is part of the Health & Social Care Information Centre (HSCIC). NHS Choices has provided the functionality that allows hospitals to access their profiles using our Provider Information Management System (PIMS) to update the information we hold about them. Clinics, or their parent organisations that have taken up this privilege, are able to add relevant information on their respective profiles.

### Code Formats:

Clinics are identified by an ODS code, in addition to an NHS Choices internal identifier.

The character “-” has been used as delimiter on this file to factor in possible commas within cells.
